Glass Skin  
Duo Awarded  
Best  
Professional  
Skincare -  
Best  
Treatment  
Kit/ Set  
& Best  
Innovative  
Brand 2022

We are excited to announce that our product has been awarded **Best Professional Skincare - Best Treatment Kit/Set & Best Innovative Brand 2022** in the 2022 Annual Beauty & Wellness Awards, organized by Beauty Insider Singapore.

The winning product, BelleWave Glass skin Duo is specially formulated to go beyond expectations of the growing market demands in achieving flawless, glass skin complexion that reflects light from every angle. When used together, this duo inspires translucence, unlocking the secrets in achieving glass-like luminosity in the shortest possible time.

According to Beauty Insider, our product was chosen as a winner because The BelleWave Glass Skin Duo is a set that was specially chosen to help you realize your aspirations of having "glass skin," which you've been seeing everywhere! Its hyper-charged formulation of Gluta - C Gold Complex and Crystalight leaves your skin looking glossy and radiant and will have others enquiring about your beauty secret. These two works to bring a radiance from within appearance through this potent liquid gold that will bring your skin to its utmost optimal state.

As the beauty business continues to evolve and revolutionize each year with new brands, products, treatments, and breakthroughs, Beauty Insider Singapore created the 2022 Beauty & Wellness Awards to provide its readers the greatest alternatives to add to their routine. With over 600 products available in the market across all categories, Beauty Insider Singapore was able to choose over 100 winners for this year's award that are unquestionably game-changers and stood out from the competition.

BelleWave is constantly inventing unique solutions that are clinically proven to give the best results in skincare, backed by vast scientific knowledge and significant research in the field of cellular skin therapy. Our products maintain the health and vitality of skin cells and preserve the overall youthful appearance with a formulation of active ingredients that can be easily absorbed by skin cells to improve their biological function.

We at BelleWave are delighted with this recognition and will continue to serve our customers with high precision professional treatment together with a perfect balance of safety and efficacy.
